Members are encouraged to get their information to Georgia and she will update the board at the welcome center. After some discussion John indicated that most members are not using this board and perhaps reaching out individually to members would be helpful in getting more cards etc for the display.

A format of questions and answer is provided so that the person being interviewed is actually writing the article. Jodi Smith from Guest House on Clover was our most recent application and that publication went out in Feb. 2020.
